Alibamu Lodge Patches - Last Updated 5/22/2019											
White Round	R1	RED	C	WHT	BLK	430	77	Late 1949-1951	Bro & Vig only	Charles B. McKee	104 sewn on GRN neckerchief. WHT fades to BEG. Very WHT patches are hard to find.
Tenth Anniversary	R2	RED	>>>	WHT	RED	254	89	7/23/1950	None	Charles B. McKee	
Green Round No Dots	R3	GRN	C	GRY	RED	220?	76	As early as late 1950-1953?	Unknown	Charles B. McKee	
Green Round Large 179 Dots or Green Round Small 179	R4 / R5c	GRN	C	GRY	RED	220?	77	1953?-1956	Unknown	Charles B. McKee	

Has dots, has embroidered eye, '179' same size as other lettering

The '179 same size as other lettering' description was not part of Arapaho or Blue Book until 2000 when it was added to Blue Book 3. It was added based on the image from Jerry Roger's book The History of the Order of the Arrow in Alabama -- not an actual patch -- to help clarify confusion over that and the R5a.

This is from the collection of a south Alabama collector. A collector from east Alabama says he has one but has not provided a picture of his piece. There wasn't an example of this in the Topkis-Morely or Conley Williams collections.

The example shown here is thread for thread an R3 down to the upward bump in the green line over 'LODGE'. The dots on this piece are too perfect and too round when compared to the dots on the R5 rounds.

Most Alibamu collectors -- except those mentioned above who 'have one' -- believe this is a fake. We believe the R4's here and in Jerry Rogers book were R3's with dots sewn on later by an individual.

Alibamu's collectors propose one of the following actions be taken:

- 1) Remove the '179 same size as other lettering' description and create a YR1 for the patch pictured here.
- 2) Add 'questionable issue' to the R4 and create a R5c for the second patch pictured. R5c the neck touches 7&9, has no eye.

Green Round Small 179	R5a	GRN	C	GRY	RED	220?	77	1953?-1960?	Unknown	Charles B. McKee	Dots, neck touches 7&9, has twill eye
Green Round Small 179	R5b	GRN	C	GRY	RED	220?	77	1953?-1960?	Unknown	Charles B. McKee	Dots, neck touches 1&7

The lodge held it's 30th anniversary celebration at fall fellowship at Camp Talasi. An LEC was held and it was decided to change the lodge patch design which was the Rolled Edge. The design changed at the 10th anniversary (White Round to Green Round) and at the 20th anniversary (Green Round to Cut Edge). The LEC thought the patch should change for the 30th anniversary also. Jack Shaw's design was chosen. This flap was originally an unauthorized loom run from a new manufacturer ordered by the Cahaba Chapter adviser. He then approached the LEC with the flaps, suggesting we use the new manufacturer. The quality was so poor the LEC rejected the new source. The LEC initially wanted the flaps destroyed, but at the request of the adviser, reluctantly decided to "authorize" the one run of flaps as "trader flaps" because he had paid for them out of his pocket. Flaps at the time were restricted.

Dash	S4a	BLK	R	M/C	RED	220?	MVE	1970-1976	1 per function	Jack Shaw	Dash between Alibamu & 179, WHT back, flat rolled edge

	alba ayamule is the Creek spelling for Alibamu and is pronounced "Alibamu." The scene is a typical Creek village. The square huts are houses. The round hut is a ceremonial building. Every village had an athletics area as well. Our lodge is playing Wischixin of course.

2007 Conclave - Rode The Bus	eX2007-1	RED	>>>	WHT	RED	180	Design is 54x65, felt varies	4/20-21/2007	4 per delegate	Mike Bazonis	The original intent was for the lodge chief to stand up throughout the weekend and ask (loud enough for other lodges to hear), "who went to _____?" He would then pass one out to each lodge member. Once we got to conclave the lodge chief thought this plan would be too difficult. He gave each lodge member 3 sets at the Saturday morning assembly and asked members to pass out at least 1 set to other lodges. These turned out to be a huge hit. Each lodge member was given a 4th complete set on the bus on Sunday morning so they would have one for themselves.
